

## Lancashire Police Federation Annual Worldwide Travel Insurance

Dear Member,

The scheme is due for renewal shortly and we are sorry to inform you that due the poor claims experience we had to increase the monthly premium from £6.47 to £11.58.

Despite the increase we hope you will agree this still represents good value for annual worldwide family travel insurance.

Many of you will be members of NARPO and be aware of their travel scheme but their similar family cover equates to £272.50 per year. And for a single person £185 which is still over £40 a year more than the federation travel policy.

The policy covers you and your partner if you are both under 70 at the date the trip commences. May we draw your attention to the Health Warranty on the summary document, please speak to our broker Police Mutual 0151 242 7648 if you feel this applies to you.

Can we also remind you that there is **NO** cover for valuables under your travel policy and that you should cover your valuables under your home insurance.

**Remember to tell your Federation office of change of address, otherwise you may not receive future correspondence or documents.**
